**Note:** The volume year is in *italic* type. Page numbers of symposium and article titles are in **boldface** type.

- ABDOMINAL pain, acute, during pregnancy, 1980: Sept., **340-369**
- Abruptio placentae, anesthetic considerations, 1981: Feb., 145-147; 1982: Feb., 119-121
- Abscess, brain, 1981: Oct., 448
- Acetylcholinesterase assay, in diagnosis of neural tube defects, 1980: Sept., 236-237
- Acid-base balance, and placental transfer of local anesthetics, 1982: Feb., 16-22, 31
- fetal, 1981: Feb., 88-90
- effects of meperidine on, 1982: Feb., 44-45
- Acid-base values, fetal, prediction of, 1982: June, **353-361**
- Acidosis, fetal, 1982: June, 392-395
- metabolic, in acute renal failure, 1981: June, 248
- $\beta_2$  Adrenergic agents, for delaying labor, 1982: Feb., 127-129
- Adult polycystic kidney disease, in newborn, 1981: June, 382-384
- Alpha-fetoprotein, in diagnosis of neural tube defects, 1980: Sept., 234-236
- Aminoglycosides, in newborn, monitoring of therapy, 1981: June, 268
- renal effects, 1981: June, 234-235
- Aminocentesis, premature rupture of membranes and, 1980: Sept., 247
- Amnioscope, in fetal scalp blood sampling, 1981: Feb., 90-92
- Amniotic fluid, alpha-fetoprotein levels, in diagnosis of neural tube defects, 1980: Sept., 234-236
- hormones, in fetal evaluation, 1979: Sept., 265; 1980: Sept., **413-421**
- L/S ratio of, in diabetic pregnancy, 1980: Sept., 309-310
- rapidly adherent cells in, in diagnosis of neural tube defects, 1980: Sept., 237-238
- Amniotic fluid tests, for determining fetal maturity, 1982: June, 303-305
- Anaerobic bacteria, antibiotic susceptibility of, 1981: Oct., 563
- Analgesia. See also *Anesthesia*.
- during labor, 1982: June, 373-374
- obstetric, symposium on, 1982: Feb., **1-224**
- systemic, during labor, 1982: Feb., **29-53**
- recommendations for use, 1982: Feb., 48-49
- Analgic drugs. See also specific agent, e.g., *Meperidine*.
- systemic, disposition and distribution, 1982: Feb., 30-31
- effects on fetal heart rate monitoring, 1982: Feb., 45
- neurobehavioral effects, 1982: Feb., 47-48
- pharmacokinetics, 1982: Feb., 32-34
- Anemia, acute renal failure and, in newborn, 1981: June, 248
- congenital infection and, 1981: Oct., 500
- sickle cell, in pregnancy, 1980: Sept., **273-284**
- Anencephaly, ultrasonic diagnosis of, 1980: Sept., 238
- Anesthesia. See also *Analgesia*.
- caudal, 1982: Feb., 73
- effects of maternal adaptations to pregnancy, 1982: Feb., 113-117, 136-143
- epidural, 1981: Feb., 152; 1982: Feb., **63-76**
- anatomic mechanisms, 1982: Feb., 63-64
- clinical evaluation, 1982: Feb., 66-67
- complications, 1982: Feb., 72-73
- contraindications, 1982: Feb., 71
- effects on fetal heart rate monitoring, 1982: Feb., **55-62**

- Anesthetic (*Continued*)  
 epidural, effects on neonate, 1982: Feb., 67-69, 198-202, 206  
 for cesarean section, 1982: Feb., 70-71  
 indications, 1982: Feb., 71-72  
 pharmacology, 1982: Feb., 65-66  
 physiologic mechanisms, 1982: Feb., 64-65  
 fetal exposure, during nonobstetric surgery, 1982: Feb., 144-146  
 for breech deliveries, 1982: Feb., 77-87  
 for high risk obstetric patients, 1982: Feb., 113-134  
 for nonobstetric surgery during pregnancy, 1982: Feb., 135-152  
 for pregnancy-induced hypertension, 1982: Feb., 95-111  
 for pregnant diabetic patient, 1982: Feb., 153-166  
 general, effect on neonatal neurobehavior, 1982: Feb., 207-208  
 obstetric, advantages, 1982: Feb., 220-222  
 obstetric, as risk factor, 1981: Feb., 13  
 effects on neurobehavior of neonate, 1982: 191-214  
 in intrapartum emergencies, 1981: Feb., 145-154  
 objections to, 1982: Feb., 215-220  
 recent advances, 1982: Feb., 3-12  
 symposium on, 1982: Feb., 1-224  
 versus no anesthesia, 1982: Feb., 215-224  
 paracervical block, effect on neonatal neurobehavior, 1982: Feb., 200-201  
 pudendal block, effect on neonatal neurobehavior, 1982: Feb., 201-202  
 regional, obstetrical forceps and, 1981: Feb., 71-72  
 spinal, 1981: Feb., 152  
 Anesthetic drugs, local, epinephrine added to, 1982: Feb., 20-21, 69  
 placental transfer, 1982: Feb., 13-28  
 acid-base balance and, 1982: Feb., 16-20, 31  
 effect of dosage, 1982: Feb., 21-22  
 protein binding and, 1982: Feb., 16-20, 31  
 uteroplacental blood flow and, 1982: Feb., 15, 31  
 teratogenicity, 1982: Feb., 143-144  
 Antibiotics, in newborn, monitoring of therapy, 1981: June, 263-272  
 renal effects, 1981: June, 222, 234-235  
 sensitivity testing, 1981: June, 264  
 Antidiuretic hormone, in newborn, inappropriate levels, 1982: Oct., 548-549  
 renal function and, 1981: June, 233-234, 259-260  
 Antimicrobial agents, 1981: Oct., 559-577  
 clinical pharmacology of, 1981: Oct., 563-565  
 Antimicrobial susceptibility testing, 1981: Oct., 553  
 Apgar scores, umbilical cord acid-base determinations and, 1982: June, 388-392  
 Apgar scoring, 1982: Feb., 182-186  
 Appendicitis, in pregnant patients, 1980: Sept., 353-359  
 Ascites, fetal, 1980: Sept., 406-407  
 Asphyxia, fetal, effect on placental transfusion, 1982: Oct., 571-574  
 related to nonobstetric surgery, 1982: Feb., 146-147  
 in labor, 1982: June, 313-314  
 perinatal, renal complications in, 1981: June, 220-221, 259-260  
 Assisted ventilation, 1980: March, 61-74  
 complications, 1980: March, 114-116  
 weaning patient from, 1980: March, 71-72  
 BACTERIAL infection, congenital, jaundice with, 1981: Oct., 469  
 neurologic manifestations of, 1981: Oct., 446-450  
 diagnosis, of, 1981: Oct., 537-558  
 prevention of, 1981: Oct., 611-613  
 treatment of, 1981: Oct., 559-577  
 Barbiturates, obstetric, effect on neonatal neurobehavior, 1982: Feb., 202  
 Baroreceptors, fetal cardiac activity and, 1982: June, 327  
 Behavior, activity and, effect on insensible water loss in neonates, 1982: Oct., 461-462  
 fetal, fetal heart rate and, 1982: June, 434-436  
 Beta-hemolytic streptococcal infection, in pregnancy, 1980: Sept., 250  
 Beta mimetic agents, in premature labor, 1980: March, 8-10  
 Bilirubin, in newborn, renal function and, 1981: June, 235  
 Bilirubin encephalopathy, kernicterus and, 1980: March, 75-92  
 Bilirubin levels, laboratory measurement, 1980: March, 80-82  
 Biochemical indices, in assessment of high risk pregnancy, 1980: Sept., 413-421  
 Biophysical profile scoring, fetal, 1982: June, 285-296  
 Birth, injuries, 1981: Feb., 111-129  
 natural, cord severance and, 1982: Oct., 569-570  
 premature, prevention of, 1980: March, 3-15

Birth (*Continued*)

- preparation for, Lamaze method, 1981: Feb., 201
- process of, effects on parents, 1981: Feb., 197-210
- weight, very low, infant mortality and, 1981: Feb., 183-195
- Bishop's pelvic score, 1981: Feb., 43, 54
- Bladder, diverticula, in newborn, 1981: June, 283
- dysfunction, in prune belly syndrome, 1981: June, 283
- neurogenic, in newborn, 1981: June, 282
- Blood, disorders, platelet, in pregnancy, 1980: Sept., 327-348
  - Rhesus factor, intrauterine transfusion and, 1980: Sept., 285-297
  - sickle cell pregnancy and, 1980: Sept., 273-284
- fetal, sampling, 1981: Feb., 87-94
  - complications of, 1981: Feb., 112-113
  - volume, fetoplacental, perinatal redistribution, 1982: Oct., 559-592
- Body temperature, effect on insensible water loss, 1982: Oct., 462
- Body water, homeostasis, symposium on, 1982: Oct., 453-657
  - insensible loss of, in newborn, 1981: June, 246, 254; 1982: Oct., 453-482
  - radiant warmers and, 1982: Oct., 472, 475, 483-503
- Brachial plexus, birth-related injury, 1981: Feb., 123, 124
- Bradycardia, fetal, prolonged, 1982: June, 332-334
- Brain abscess, 1981: Oct., 448
- Breech delivery. See *under Delivery and Fetus, presentation.*
- Bronchopulmonary dysplasia, 1980: March, 115
- Butorphanol, for systemic analgesia during labor, 1982: Feb., 41

- CANDIDA *albicans* infection, 1981: Oct., 542
- Cardiac disease, congenital infections and, 1981: Oct., 481-497
- Cardiac failure, effect on insensible water loss, 1982: Oct., 463
- Cardiovascular disorders, associated with nonimmune hydrops fetalis, 1982: Oct., 614
- Cardiovascular drugs, effect on mother and fetus, 1981: Feb., 161-162
- Cardiovascular system, maternal, adaptations during pregnancy, 1982: Feb., 140-141

Cardiovascular system (*Continued*)

- maternal, in labor and delivery, 1981: Feb., 155-157
- Cataracts, with congenital rubella, 1981: Oct., 419, 423-425
- Catecholamines, in newborn, renal function and, 1981: June, 229-230
- Catheters, peripheral, complications, 1980: March, 111-112
  - umbilical, complications, 1980: March, 108-111
- Cephalohematoma, as birth injury, 1981: Feb., 65-66, 118
- Cephalopelvic disproportion, cesarean section and, 1981: Feb., 102-103
- Cerebral calcifications, congenital infection and, 1981: Oct., 452
- Cerebrospinal fluid analysis, for congenital infections, 1981: Oct., 457-459
- Cervix, ripening of, labor induction and, role of prostaglandins, 1981: Feb., 49-62
- Cesarean section, breech perinatal mortality and, 1981: Feb., 177-178
  - current trends, 1981: Feb., 101-109
  - effect on placental transfusion, 1982: Oct., 570-571
- epidural anesthesia for, 1982: Feb., 70-71
  - for breech delivery, anesthesia for, 1982: Feb., 86, 89-90
  - for multiple delivery, anesthesia for, 1982: Feb., 87-89
  - in diabetic patient, glucose and insulin therapy for, 1982: Feb., 159-161
  - in mothers with pregnancy-induced hypertension, anesthetic management, 1982: Feb., 107-109
  - premature rupture of membranes and, 1980: Sept., 251
  - vaginal delivery after, 1981: Feb., 131-143
- Chemoreceptors, fetal cardiac activity and, 1982: June, 326-327
- Chest tubes, in neonates, complications of, 1980: March, 116-117
- Chickenpox, during pregnancy, 1980: Sept., 266-268
- Childbirth, process of, effects on parents, 1981: Feb., 197-210
- Chlamydial infection, of eye, 1981: Oct., 548
- Chloramphenicol, in newborn, monitoring of therapy, 1981: June, 268
- Cholecystitis, in pregnant patients, 1980: Sept., 359-362
- Chorioamnionitis, premature rupture of membranes and, 1980: Sept., 244, 246-247
- Chorioretinal lesions, syphilitic, at birth, 1981: Oct., 417

- Chorioretinitis, herpetic, 1981: Oct., 438
- Chromosomal disorders, associated with nonimmune hydrops fetalis, 1982: Oct., 617
- renal malformations in, 1981: June, 365-367
- Clavicle, fracture, as birth injury, 1981: Feb., 120
- Coagulation, disseminated intravascular, 1981: Oct., 502
- Coagulopathy, congenital infection and, 1981: Oct., 502
- Colloid osmotic pressure, 1982: Oct., 505-521
- in medical practice, 1982: Oct., 517-520
- measurement, 1982: Oct., 511-515
- physiologic significance, 1982: Oct., 516-517
- Community hospital, in obstetric and neonatal care, 1980: March, 197-203
- Computed tomography, in congenital neurologic infections, 1981: Oct., 460
- Computer technology, in neonatal intensive care, 1980: March, 145-154
- Concanavalin A, reactivity with alpha-fetoprotein, in diagnosis of neural tube defects, 1980: Sept., 236-237
- Condylomata acuminata, during pregnancy, 1980: Sept., 270
- Congenital infections. See also specific types of infection.
- epidemiology of, 1981: Oct., 397-414
- immunologic aspects of, 1981: Oct., 509-516
- Conjunctivitis, herpetic, congenital, 1981: Oct., 438
- Contraception, sickle cell disease and, 1980: Sept., 283
- Contraction stress test, 1980: March, 132; 1980: Sept., 388-391, 394
- fetal breathing movements and, 1980: Sept., 427
- for uteroplacental insufficiency, 1982: June, 265-270
- contraindications, 1982: June, 267
- estriol monitoring with, 1982: June, 268
- Contractions, uterine. See *Uterine contractions*.
- Convulsive seizures, infection and, 1981: Oct., 453
- Corneal disease, herpetic, 1981: Oct., 438
- Cryptococcus neoformans* infection, 1981: Oct., 441
- Cystic kidney disease, in newborn, 1981: June, 375-390
- Cytomegalic inclusion disease, congenital, eye findings in, 1981: Oct., 433-437
- roentgen findings in, 1981: Oct., 517-536
- Cytomegalic inclusion disease (*Continued*)
- congenital, diagnosis of, 1981: Oct., 579-589
- heart disease with, 1981: Oct., 487
- immunodeficiency with, 1981: Oct., 512
- neurologic manifestations of, 1981: Oct., 454
- during pregnancy, 1980: Sept., 264-266
- hepatic, 1981: Oct., 472
- perinatal, epidemiology of, 1981: Oct., 403-405
- prevention of, 1981: Oct., 592-595, 609-611, 623-625
- DATA management, in NICU, 1980: March, 145-154
- Death, neonatal, effect on parents, 1981: Feb., 206-207
- Dehydroepiandrosterone sulfate (DHEAS), in fetal evaluation, 1980: Sept., 416
- Delivery, breech, anesthetic considerations, 1982: Feb., 77-87
- anesthetic management, 1982: Feb., 131-132
- birth injuries and, 1981: Feb., 117-118
- cesarean, anesthesia for, 1982: Feb., 86, 89-90
- injuries associated with, 1982: Feb., 78-80
- intrapartum management of, 1981: Feb., 173-181
- vaginal, anesthesia for, 1982: Feb., 81, 90-92
- cesarean section, current trends, 1981: Feb., 101-109
- labor and, difficult, symposium on, 1981: Feb., 3-210
- in twin gestations, 1980: Sept., 404-405
- premature, 1980: March, 3-15
- premature rupture of membranes and, 1980: March, 17-31
- method, in diabetic mother, 1981: Feb., 169-171
- neonatal injuries associated with, 1981: Feb., 111-129
- obstetrical forceps in, 1981: Feb., 63-77
- premature, effect on parents, 1981: Feb., 204-205
- timing, in diabetic mother, 1980: Sept., 304; 1981: Feb., 165-166
- vacuum extractor in, 1981: Feb., 74-75, 79-86
- vaginal, after cesarean section, 1981: Feb., 131-143
- Diabetes, in pregnancy, 1980: March, 127-128; 1980: Sept., 299-311; 1981: Feb., 165-172

- Diabetes (*Continued*)  
 in pregnancy, anesthetic and obstetric management, 1982: Feb., 153-166  
 insulin and diet therapy for, 1982: Feb., 157  
 metabolic perturbation, 1982: Feb., 154  
 perinatal morbidity, 1982: Feb. 155-157  
 ultrasonic assessment of, 1980: Sept., 409-410  
 White's classification, 1982: Feb., 155-156
- Diagnostic techniques, prenatal. See under specific techniques and disorders.
- Dialysis, during pregnancy, 1981: June, 312-313  
 in newborn, 1981: June, 249, 258
- Diaphragm, paralysis, birth-related, 1981: Feb., 125, 126
- Diarrhea, rehydration for, 1981: June, 258
- Diazepam, for systemic analgesia during labor, 1982: Feb., 41  
 effect on neonatal neurobehavior, 1982: Feb., 202
- Diazoide, in premature labor, 1980: March, 12
- Diet, in management of diabetic pregnancy, 1982: Feb., 157
- Disseminated intravascular coagulation, 1982: Oct., 502  
 obstetric syndromes and, 1980: Sept., 333-334
- Distress, in postdate fetus, 1982: June, 382
- Drug(s). See also specific agents.  
 antibiotic, in newborn, monitoring therapy, 1981: June, 263-272  
 effect on fetal heart rate variability, 1982: June, 345-346  
 effect on placental transfusion, 1982: Oct., 570-571  
 interactions, in infants, 1981: June, 269  
 therapy, in newborn, renal function and, 1981: June, 221-222, 234-235
- Ductus arteriosus, patent, fetal rubella and, 1981: Oct., 484
- Dysmaturity, in postdate fetus, 1982: June, 382
- Dysplasia, renal, in newborn, 1981: June, 363-364, 380-382
- ECLAMPSIA, anesthetic management, 1982: Feb., 122-126
- Ectopic kidney, in newborn, 1981: June, 363-364
- Edema, effect on insensible water loss, 1982: Oct., 463  
 in the newborn lung, 1982: Oct., 593-611
- Electroencephalography, in congenital infections, 1981: Oct., 462
- Empyema, subdural, 1981: Oct., 450
- Encephalomeningitis, myocarditis with, 1981: Oct., 489
- Endotracheal intubation, complications, 1980: March, 112-114
- Enteroviral hepatitis, 1981: Oct., 475
- Enteroviral infection, 1981: Oct., 453  
 cardiovascular disease with, 1981: Oct., 488-491  
 congenital, diagnosis of, 1981: Oct., 579-589
- Enthrane, 1981: Feb., 151
- Epidural anesthesia. See *Anesthesia, epidural*.
- Epinephrine, added to local anesthetics, 1982: Feb., 20-21, 69
- Erythroblastosis fetalis, intrauterine transfusion in, 1980: Sept., 285-297  
 ultrasonic assessment, 1980: Sept., 405-409
- Escherichia coli* infection, 1981: Oct., 537
- Estetrol, in fetal evaluation, 1980: Sept., 420
- Estriol, excretion during pregnancy, 1980: Sept., 303  
 monitoring, with contraction stress testing, 1982: June, 268  
 urinary, fetal health and, 1980: March, 131-132  
 versus plasma, in fetal evaluation, 1980: Sept., 416-418
- Estriol values, relation to fetal movement, 1982: June, 245
- Ethanol, in premature labor, 1980: March, 10-12
- Extraction, vacuum, 1981: Feb., 74-75, 79-86  
 birth injuries and, 1981: Feb., 118
- Eye, chlamydial infection of, 1981: Oct., 548  
 in intrauterine infections, 1981: Oct., 415-443
- FACE, fracture, as birth injury, 1981: Feb., 121
- Facial nerve, birth injuries to, 1981: Feb., 122-123
- Facial paralysis, forceps delivery and, 1981: Feb., 67-68
- Fentanyl, for systemic analgesia during labor, 1982: Feb., 40
- Fetal biophysical profile scoring, 1982: June, 285-296  
 advantages and limitations, 1982: June, 294-295
- Fetal heart rate, accelerations, 1982: June, 331-332

Fetal heart rate (*Continued*)

- antepartum testing of, 1980: Sept., 387-396
  - autonomic control, 1982: June, 325-326
  - baseline shifts, hypoxia and, 1982: June, 320-321
  - correlation with scalp blood and cord acid-base values, 1982: June, 356-360
  - early decelerations, 1982: June, 328

   fetal, cardiovascular damage from, 1981: Oct., 483-487  
   hepatic manifestations of, 1981: Oct., 474  
   Rubella (*Continued*)  
     prevention of, 1981: Oct., 592-595, 605, 617-623  
   Rubeola, during pregnancy, 1980: Sept., 269  
   SCALP blood sampling, fetal, 1982: June, 353-361  
     using TpH electrode, 1982: June, 409-422  
   Seizures, infection and, 1981: Oct., 453  
   Separation, mother-infant, 1980: March, 47-100  
   Sepsis, jaundice with, 1981: Oct., 469  
     transfusion for, 1981: Oct., 572-574  
     treatment of, 1981: Oct., 559-577  
   Shock, neonatal, 1982: Feb., 187-188  
   Shialidosis, severe infantile, 1981: June, 327  
   Sickle cell anemia, pregnancy and, 1980: Sept., 273-284  
   Skull fracture, as birth injury, 1981: Feb., 120  
   Spinal anesthesia, 1981: Feb., 152  
   Spironolactone, for use in neonates, 1982: Oct., 550  
   Steroids, during pregnancy, 1980: Sept., 249-250, 340  
   Stillbirth, effect on parents, 1981: Feb., 206-207  
   Streptococcal infection, beta-hemolytic, in pregnancy, 1980: Sept., 250  
     group B, prevention of, 1981: Oct., 612, 626  
     roentgen findings with, 1981: Oct., 530-533  
   Streptococcus agalactiae infection, 1981: Oct., 537  
   Stress, effect on NICU nurses, 1980: March, 182-183  
     in neonatal intensive care unit, 1980: March, 33-46  
   Stress testing, fetal, 1980: Sept., 387-396  
     for uteroplacental insufficiency, 1982: June, 265-270  
   Subdural effusion, 1981: Oct., 449  
   Subdural empyema, 1981: Oct., 450  
   Supine hypotensive syndrome, anesthesia and, 1982: Feb., 114-115  
   Surgery, nonobstetric during pregnancy, anesthesia for, 1982: Feb., 135-152  
   Syphilis, congenital, diagnosis of, 1981: Oct., 579-589  
     eye findings in, 1981: Oct., 415-419  
     hepatic manifestations of, 1981: Oct., 473  
     roentgen findings in, 1981: Oct., 527-530  
     prevention of, 1981: Oct., 611  
   Systemic lupus erythematosus, in pregnancy, 1981: June, 310

- Systolic time intervals, of fetal cardiac cycle, 1982: June, 436-440
- TERATOLOGY, anesthesia and, 1982: Feb., 143-144
- Terbutaline, 1981: Feb., 152  
in labor inhibition, 1981: Feb., 187
- Thermogenesis, nonshivering, 1982: Feb., 179-181
- Thiazides, for use in neonates, 1982: Oct., 550
- Thiopental, 1981: Feb., 150-151
- Thrombocytopenia, congenital infection and, 1981: Oct., 501  
drug-induced, 1980: Sept., 343  
infection and, 1980: Sept., 342  
mechanisms of, 1980: Sept., 330-333
- Thrombocytopenic purpura, immune, in pregnancy, 1980: Sept., 337-342
- Thrombotic thrombocytopenic purpura, in pregnancy, 1980: Sept., 335-337
- Thrombus, from umbilical arterial catheter, 1980: March, 109-111
- Thyroid disease, in pregnancy, 1980: Sept., 371-385
- Thyrototoxicosis, neonatal, 1980: Sept., 379
- Tocography. See *Uterine contractions*.
- Tocolytic drugs, 1981: Feb., 186-188
- Tolazoline, in newborn, renal effects, 1981: June, 221
- Toxemia, in pregnancy, thrombocytopenia and, 1980: Sept., 334
- Toxoplasmosis, epidemiology of, 1981: Oct., 402-403  
eye findings in, 1981: Oct., 426-433  
immunodeficiency with, 1981: Oct., 512  
liver in, 1981: Oct., 474  
neurologic manifestations of, 1981: Oct., 455  
prevention of, 1981: Oct., 601, 613, 632  
roentgen findings in, 1981: Oct., 525-526
- TpH electrode, for fetal scalp blood sampling, 1982: June, 409-422
- Transepidermal water loss, in neonates, 1982: Oct., 453-456
- Transfusion, exchange, in patients with sickle cell disease, 1980: Sept., 278-281  
in hyperbilirubinemia, 1980: March, 84-85  
for bacterial sepsis, 1981: Oct., 572-574  
intrauterine fetal, 1980: Sept., 285-297  
placental, 1982: Oct., 559-592  
platelet, for immune thrombocytopenic purpura, 1980: Sept., 341  
twin-to-twin, 1980: Sept., 402-404
- Transplantation, kidney, for congenital nephrosis, 1981: June, 343  
pregnancy following, 1981: June, 313-314
- Transport, maternal-fetal, 1981: Feb., 188  
neonatal, 1980: March, 187-195
- Tuberculosis, intrauterine, 1981: Oct., 471  
renal, during pregnancy, 1981: June, 312
- Twin pregnancy, ultrasonic assessment of, 1980: Sept., 402-405
- Twins, delivery, anesthesia for, 1982: Feb., 87-89  
placental transfusion and, 1982: Oct., 575
- ULCER, peptic, in pregnant patient, 1980: Sept., 362-367
- Ultrasonography, in determining fetal maturity, 1982: June, 303  
in diagnosis of hydrops fetalis, 1982: Oct., 627-636  
in monitoring fetal movement, 1982: June, 232, 245  
in assessing fetal breathing movements, 1980: Sept., 426-427  
in assessing high risk pregnancy, 1980: Sept., 397-411  
in diagnosis of neural tube defects, 1980: Sept., 238-239  
in fetal evaluation, 1980: March, 133  
in intrauterine transfusion, 1980: Sept., 288-289
- Umbilical catheters, complications, 1980: March, 108-111
- Umbilical cord, acid-base determinations, 1982: June, 387-399  
clamping, early vs late, 1982: Oct., 586-587  
disorders of, associated with nonimmune hydrops fetalis, 1982: Oct., 618  
prolapse, anesthetic management, 1981: Feb., 148-149  
in breech presentation, 1981: Feb., 175  
severance, natural birth and, 1982: Oct., 569-570  
Apgar scores and, 1982: June, 388-392
- Ureter, anomalies, 1981: June, 363  
disorders, in newborn, 1981: June, 283-284  
ectopic, in newborn, 1981: June, 284
- Ureteropelvic junction, obstruction, in newborn, 1981: June, 284
- Urethra, anomalies, in newborn, 1981: June, 281-282
- Urethral valves, prostatic, obstructive uropathy and, 1981: June, 281
- Urinary estriol, in fetal evaluation, 1980: March, 131-132; 1980: Sept., 416-418
- Urinary tract, infections, during pregnancy, 1981: June, 314-315  
obstruction, in newborn, 1981: June, 273-286
- Urine, concentrating defect, in infants, 1981: June, 256

- Uropathy, obstructive, in newborn, 1981: June, 273-286
- Uterine activity, effect of epidural anesthesia on, 1982: Feb., 59-60
- Uterine contractions. See also *Labor*.  
induction of, oxytocin in, 1981: Feb., 35-47  
quantitation of, 1981: Feb., 27-34, 39-41
- Uteroplacental blood flow, and placental transfer of local anesthetic, 1982: Feb., 15, 31
- Uteroplacental insufficiency, contraction stress testing, 1982: June, 265-270
- Uterus, rupture, anesthetic considerations, 1982: Feb., 121
- Uveitis, at birth, 1981: Oct., 416
- VACCINATION, against rubella, 1981: Oct., 617-623
- Vaccines, 1981: Oct., 617-637
- Vacuum extractor, 1981: Feb., 74-75, 79-86  
birth injuries and, 1981: Feb., 118  
Malmström, versus forceps, 1981: Feb., 74-75
- Varicella, 1981: Oct., 607  
during pregnancy, 1980: Sept., 266-268
- Varicella-zoster, congenital, eye findings with, 1981: Oct., 441
- Vasopressin, in newborn, renal function and, 1981: June, 233-234, 259-260
- Ventilation, assisted, 1980: March, 61-74  
complications, 1980: March, 114-116  
weaning patient from, 1980: March, 71-72
- Ventriculitis, congenital, 1981: Oct., 449
- Vertebra, fractures, as birth injuries, 1981: Feb., 120
- Virus. See under specific types.
- Viral hepatitis, congenital, 1981: Oct., 471-473  
prevention of, 1981: Oct., 629
- Viral infection, diagnosis of, 1981: Oct., 579-589  
neurologic manifestations of, 1981: Oct., 450-456  
perinatal, 1980: Sept., 257-271  
persistent, 1981: Oct., 513  
prevention of, 1981: Oct., 591-604, 605-611
- Visceral injuries, birth related, 1981: Feb., 121-122
- Vitamin D, lactation and, 1981: June, 299-301  
maternal deficiency of, 1981: June, 293-294  
metabolism of, during pregnancy, 1981: June, 289-290  
in fetus, 1981: June, 292-293  
perinatal, 1981: June, 287-306  
placenta and, 1981: June, 290-292
- Vocal cord paralysis, birth-related, 1981: Feb., 123, 125
- Vomiting, fluid and electrolyte management of, 1981: June, 259
- WATER. See also *Fluid and electrolytes*; and *Fluid balance*.  
insensible loss of, in newborn infants, 1981: June, 246, 254; 1982: Oct., 453-482
- Weight, birth, infant mortality and, 1981: Feb., 183-195
- White blood cells, congenital infection and, 1981: Oct., 500
